PROFESSIONAL SUMMARY

Python Developer (Fresher) with strong hands-on experience in **Python, Django, Django REST Framework, SQL, and OOPs**. Skilled in building **RESTful APIs**, implementing **authentication & authorization**, and performing **CRUD operations** with **MySQL** using **Django ORM**. Passionate about backend development and continuous learning.

TECHNICAL SKILLS

Programming: Python, SQL, OOPs

Backend: Django, Django REST Framework (DRF), REST APIs, Authentication, Authorization

Frontend (Basic): HTML, CSS, Bootstrap, JavaScript

Databases: MySQL, SQLite

Data and Visualization: Pandas, NumPy, Matplotlib

Tools: Git, GitHub, VS Code, PyCharm, Jupyter Notebook, Postman

WORK EXPERIENCE AND CERTIFICATIONS

Python Full Stack Development Training – Orbit Cybermatics Pvt Ltd 📍 Dec 2024 – Aug 2025

- Hands-on experience in Python, Django, HTML, CSS, JavaScript, and MySQL for full-stack web development
- Designed scalable backend modules and RESTful APIs using Django REST Framework (DRF)
- Implemented secure authentication, role-based authorization, and accelerated database queries
- Developed complete CRUD functionalities and followed industry-standard backend practices
- Performed API testing using Postman and worked on debugging, deployment, and real-world project workflows.

PROJECTS

Image Uploader Web Application – Django 📍

- Built and applied secure backend system for image upload, storage, and retrieval using Django and ORM
- Executed user authentication, authorization, and secure media handling to ensure data security
- Built RESTful APIs for seamless image processing, retrieval, and database integration
- Produced a responsive and user-friendly frontend using HTML, CSS, and Bootstrap

Student Management System Application – Python 📍

- Created and Deployed Python-based CLI Student Management System using lists, dictionaries, and modular programming concepts
- Integrated complete CRUD operations with menu-driven interaction and structured program flow
- Configured input validation, exception handling, and reusable functions for clean and maintainable architecture
- Enhanced usability, performance, and logical efficiency through boosted program execution

EDUCATION

Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV), Bhopal

2021 – 2025

Bachelor of Technology (B.Tech) in Computer Science and Engineering (CGPA: 7.7/10) Madhya Pradesh, India

EXTRACURRICULAR ACTIVITIES

- Active cricket player developing teamwork, leadership, and discipline through regular competitive matches
- Self-driven learner consistently practicing coding to strengthen problem-solving, logical thinking, and technical skills

LANGUAGES

- English
- Hindi
- Urdu
